No. I still didn't get a return call. Today, at our management meeting, I discovered that the Directors and Deputys are having a VTC call with the Commissioner. I asked Eric to indicate to the Commissioner that he needed to get in touch with us about a number of items including the ERT budget. I'm gathering that Eric was okay with doing that but not with being specific about the ERT budget letter.....

Hi Flaire –

Just wondering if you were ever able to get the letter to the Commissioner designee via email or have heard anything from him?

Thanks
